

Leased Lines

Private Internet Access for Premium Performance

Fast, reliable, and private Internet connectivity is essential to your customers' operations. Being offline is unacceptable – Unity Wholesale Comms provide the solution. Offering unrivalled reliability and guaranteed speeds, Leased Lines are essential for businesses that rely on an internet connection.

By working with and testing emerging technology, we future-proof connectivity, enabling your customers to achieve more with innovative tech that'll never let them down.

With Leased Lines from Unity Wholesale Comms, you'll benefit from:

Future proof technology

We know where technology is heading and the awareness to judge the tools that will make a difference to businesses.

Be prepared for anything

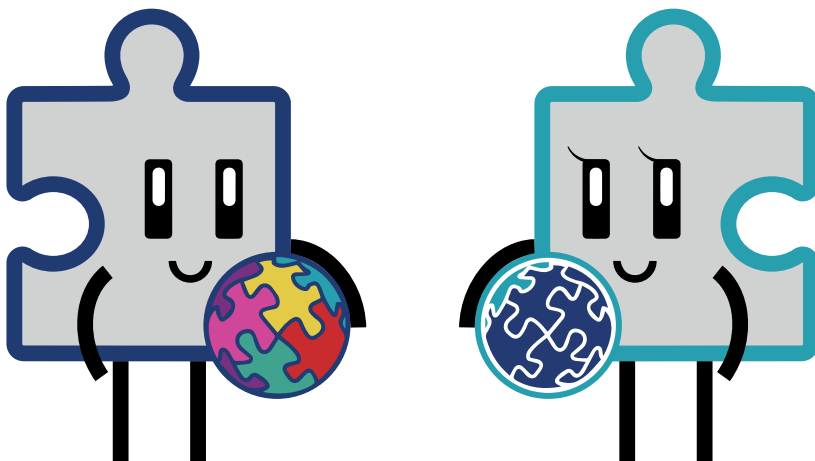

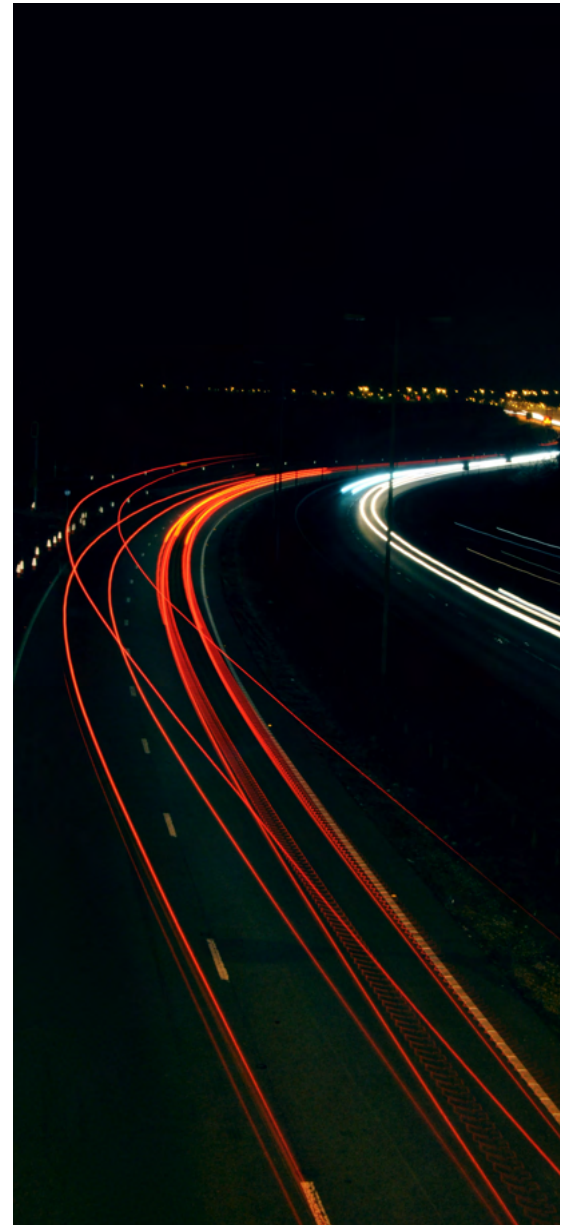

Your customers can't afford downtime. Leased Lines ensure no lagging, no disrupted connection, and no embarrassing faults.

Control costs

Don't accept something substandard. Your customers pay for what their businesses deserve – high speed and reliable Internet.

Be supported 24/7

Enjoy high speed, low-latency Internet access, backed up by outstanding round-the-clock support.

Help your customers future proof their business connectivity with a Leased Line

	Leased Lines	Broadband
Speed	 <p>A leased line can meet whatever Internet speed your customer require.</p>	Low bandwidth, with up to 24Mbps download and 1Mbps upload.
Reliability	 <p>Highly stable and backed by our Service Level Agreement (SLA).</p>	Congestion and other factors can cause slow down and dropouts.
Upload	 <p>A synchronous line gives you equal download and upload speeds.</p>	Broadband lines aren't synchronous so uploading files takes much longer.
Distance	 <p>As Internet speeds are guaranteed, distance has no impact for customers.</p>	Business far from the exchange? Slower speeds for your customers.

Why should you partner with Unity Wholesale Comms?

Unity Wholesale Comms are leading the way in telecom aggregation. As well as our network we also partner with all major carriers and provide a choice of vendors to get you and your customers the best pricing possible.

You'll get your own account, service, and technical managers. Call in or email and we'll be here for you. We all come from end-user backgrounds, so we understand the nature of the support that you need.

We are committed to your success, work with a partner passionate about helping you grow and succeed in today's crowded market.

To learn more about becoming a channel partner simply give us a call or drop us an email and we'll happily guide you through the process and answer any question you may have.
