

VoIP One-Site

**£9.50
Per User**

Our VoIP One-Site product is the perfect telephony solution for businesses with under 10 employees in one premises or across independent units where call transfers between units is not required.

Providing more features and more reliable call connections our One-Site solution includes:

- Unlimited calls and free calls to 01, 02, 03, and 07 numbers
- Crystal clear call connections
- Hardware warranty
- Mobile VoIP app for business calls wherever you are

If you're unsure if One-Site is the solution for you, our team can give you expert advice and support, as well as your own account manager to contact with any questions once your order is made.

VoIP Anywhere and Anywhere+

**Starting
from £13.50
Per User**

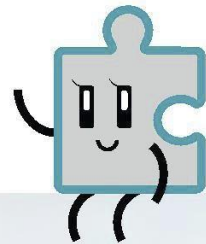

With our Anywhere and Anywhere+ package users get all the features of the One-Site plus the benefits from an inclusive set of softphone applications that work on desktops also+. This enables users to make and receive calls on their single business number, when away from their primary device.

Anywhere and Anywhere+ is perfect for all businesses, big or small, office-based or remote. In addition, users will also benefit from a Hot Desking capability, making VoIP Anywhere ideal for users that roam around the office or work from multiple locations.
